## Course Information

Training will be delivered by one of our professional trainers with extensive industry experience.

The training utilises materials such as power point presentations, paper based resources, current industry workbooks, practical tasks, and on-the-job work placements (min 120 hours).

Assessments will be conducted using knowledge, case studies, observation and competency conversation assessment tools, as well as a workplace diary.

This program is nationally recognised and on successful completion you will be awarded with the qualification:

### **CHC33021 – Certificate III in Individual Support (Ageing)**

For information around refunds, LLN issues, available support services, possible government subsidies, and all other relevant information, please refer to our student guide handbook – which is located on our website, or can be made available on request.

## Course Content

On completion of the course, participants will be able to demonstrate the practical skills and knowledge regarding:

- Activities of Daily Living
- Dementia
- Person centred approach
- Documentation and reporting
- Work, Health and Safety including Infection Control, Manual Handling and Fire Safety
- Palliative Approach and Grief & Loss
- Dignity, Maintaining Independence, Health & Wellbeing
- Privacy, Confidentiality, Advocacy and Abuse
