

CPC31220 **Certificate III Wall & Ceiling Lining**

This qualification provides a trade outcome in wall and ceiling lining for residential and commercial construction work.

The qualification has 29 units, 22 core, 7 electives to complete that cover common skills for the construction industry, as well as the specialist field of work of a wall and ceiling liner. Wall and ceiling liners apply and fix linings for non-structural walls and ceilings.

Course Information

Occupational titles may include:

- Wall and ceiling liner
- Drywaller
- Plasterer

This qualification is suitable for an Australian apprenticeship pathway.

Course Delivery

On-the-job training

State and territory jurisdictions may have different licensing, legislative, regulatory or certification requirements. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

Completion of the general construction induction training program, specified in the Safe Work Australia Model Code of Practice: Construction Work, is required by anyone carrying out construction work. Achievement of CPCWHS1001 Prepare to Work Safely in the Construction Industry meets this requirement.
