

TLI30325 Certificate III in Supply Chain Operations

This is a qualification for those engaged in supply chain operations and includes specialisations for logistics, warehousing operations and furniture removals.

It involves a defined range of skilled operations, usually within a range of broader related activities involving known routines, methods and procedures, where some discretion and judgement is required in selecting equipment, services or contingency measures within known time constraints. It may also include responsibility for coordinating the work of others.

Course Information

Job roles and titles vary across different sectors. Possible job titles relevant to this qualification include:

- Furniture Removalist
- Logistics Operator
- Rail Terminal Operator
- Supply Chain Administration Officer
- Supply Chain Administration Operator
